on Dowager Empress

PEKIN, Jan. 27.—Twenty-one prominent republican leaders were subjected to awful tortures and then killed, at Mukden, by the imperialists, while their families were compelled to witness the terrible scenes. Several of the women went mad. The rebels have promised retaliation for the atrocities.

The bodies of the victims were dismembered, while tongues, ears and noses were severed, the sufferings of the victims being ended by decapitation. The dead bodies were then cremated.

Additional Mukden dispatches say the revolutionary governor was led through the streets, with his hands hacked off and his eyes gouged out by bayonets. Other rebels were similarly treated, their bodies lying in the streets bearing placards inscribed: "The same treatment will be accorded to all encouraging the revolution."

A constitutional amendment was proposed providing that no member of the Boy Scout organization shall be eligible to the miners' body on the grounds that the Scouts' organization will make thugs and strike-breakers of the boys. The resolution was passed.

SCHMITZ DEFENSE SEEKS TO GET RID OF JUDGE LAWLOR

SAN FRANCISCO, Jan. 27.—The First District Court of Appeals has cited Judge Lawlor to appear on January 30, to show cause why the hearing of bribery against Eugene Schmitz should not be dismissed. The citation was in the form of an alternative writ of prohibition. Schmitz's attorneys base grounds for petition on the grounds that the defendant was not brought to trial within sixty days after he had declared his readiness.

Affidavits have been filed charging Judge Lawlor with bias, prejudice and general unfitness. Hearing will be held on these next week. The motions to dismiss all the Schmitz indictments will be heard next Tuesday.

ITALY AND FRANCE AT SWORDS POINT

ROME, Jan. 27.—A possible clash between Italy and France was averted when the foreign office announced that the French vessel, Travignano, seized in Tripoli waters had been released. MORPHINE DOSE PROBABLY THE CAUSE

Man Supposed to be J. G. Con-
aty of Baltimore Died Here
Mysteriously

TAKEN VERY ILL AT
RICHELIEU HOTEL

After Two Days in Hospital
Man Went From the
Hospital

What probably was an overdose of morphine brought death last night to a man whose name is supposed to be J. G. Conaty, aged about 65 years. This man appeared here about three days ago and was taken to the hospital suffering from what was thought to be morphine poisoning. It was not determined whether or not the man had taken the drug purposefully.

Yesterday morning the man seemed to be well, and he was allowed to leave the hospital. Later in the day he appeared at the Richelieu Hotel and asked for a room. He registered as J. G. Conaty of Baltimore. He told the woman from whom he rented the room that he had been "touched on the way out here from the east." He asked for a cheap room, and was shown to one. About 4 o'clock yesterday afternoon groans were heard in the man's room, and on investigation it was found that he was very ill. He was taken to the Santa Ana Hospital, where he died during the night.

Presumption is that after leaving the hospital the man secured more of the drug and took it. It is understood that Coroner Winbiger will have an autopsy performed.

A wire has been sent to Baltimore to see if anything can be learned concerning the stranger.

ROOSEVELT MAY YIELD TO DEMAND

Gov. Glasscock Declares That
He Thinks Popular Call
Will be Heeded

NEW YORK, Jan. 27.—Secret and confidential information regarding the stand he will take concerning the coming presidential race is believed today to have been given Governor Glasscock of West Virginia by Theodore Roosevelt at a conference behind locked doors in the Outlook offices. Later in the day Glasscock and the Colonel held another conference. Neither would give an inkling of the subject discussed.

Glasscock, who is one of the five governors who have urged Roosevelt to accept the Republican presidential nomination, stated that he visited the former president merely in an "individual capacity." It was reported, however, that he asked the Colonel to tell him and the other governors whether he would accept the nomination were it tendered him.

Governor Glasscock left for West Virginia soon after the final conference. Speaking of Roosevelt's presidential attitude, he said: "I still am in favor of Col. Roosevelt. But it must be understood that I am speaking for myself and not for him."

Asked if Roosevelt is a "receptive candidate," Glasscock said: "Col. Roosevelt is not a candidate, but if a majority of Americans demand that he run, I believe he will become one. This is merely my own personal opinion, and is not based on anything he told me. I do not believe that Roosevelt will ever be a candidate in the sense that Wilson, Folk and Harmon are candidates."

Asked whether he will continue his efforts to secure the nomination of the Colonel, the governor replied: "My preference is for Roosevelt all the time because I believe the people want him. It is also my opinion that he will be elected. I shall continue to urge his nomination."

TWO CARS TURN TURTLE ON GRADE

Accident in Which One Man
Was Killed, Severely In-
jured Two Others

GOING FAST DOWN
HILL, LOST CONTROL

Los Nietos Man Death Victim
—Whittier and La Habra
Men in Hospital

FULLERTON, Jan. 27.—Rafael Nebilenas of Los Nietos is dead and Dudley Harvey-Elder of Whittier and J. Knipp of La Habra are in the Fullerton Hospital as the result of two accidents on the grade north of Fullerton yesterday.

The dead man, a Mexican, at the time of the accident was riding with Dudley Harvey-Elder. The two men were bound for Fullerton in the new American roadster, owned and driven by Harvey-Elder, who was so seriously hurt that he was hurried to Fullerton, where he is under the care of physicians and unable to be brought to his home in Whittier.

Knipp is a wealthy rancher living at La Habra. Knipp was driving a Ford, and was headed toward Whittier. Showers had made the road dangerously slippery with thin mud.

According to those who witnessed the accident, and who were on the ground shortly after it occurred, Harvey-Elder, who was driving at a high rate of speed down the grade, met Knipp on the hill, and when he attempted to pass the Ford, his machine skidded and went over the bank at the left of the road.

After leaving the road, the steering wheel broke, and Harvey-Elder lost control of the car, which after tearing down a dozen fence posts at the side of the road, rolled over the bank, which is about twelve feet high, pinning the occupants under the wrecked machine, the broken steering wheel puncturing the Mexican's head.

Knipp witnessed the accident and rushed to the assistance of the unfortunate men. He succeeded in releasing Harvey-Elder, but could do nothing to relieve Nebilenas.

Almost frantic with excitement, Knipp boarded his own car and started at top speed for help. When he had gone but a short distance his car skidded and turned turtle, severely injuring him. He was taken to Fullerton Hospital, where he has been under constant care of physicians. He has been unconscious since the accident but will probably recover.

The coroner was called from Santa Ana and the body of Nebilenas taken to Fullerton, where an inquest was held this afternoon.

The verdict was, "Death as the result of an automobile turning over accidentally."

Nebilenas leaves a wife and several children. He lived at Los Nietos. Dudley Harvey-Elder is the grandson of C. W. Harvey, a retired capitalist of Whittier. He was also a brother to A. C. Harvey-Elder, who was one of the victims of the fire and dynamiting of the Times building.

HELD MEETING AT CITY HALL

At the city hall this morning it was learned that there was a meeting last night at the Chamber of Commerce rooms in regard to the advisability of taking some action to change the location of the polytechnic high school from the Gist tract to some other place and in regard to the advisability of starting a petition for an election aimed to recall W. L. Duggan, president of the school board.

No one at the city hall knew anything about the meeting.

"There was some kind of a meeting there last night," said J. A. Wilson, secretary of the Chamber of Commerce. "The first I knew of it and all I know of it is that this morning the door was open and the chairs were shifted around so that I knew there had been a meeting."

Whatever may have been the result of the meeting, nothing in the way of a recall petition was evidenced on the streets today.

NAPA INSANE ASYLUM WAS GRAFT HOTBED

"Graft, Extravagance, Incompetence"
Charged Against Medical Head
and Board of Managers

SACRAMENTO, Jan. 27.—Graft, extravagance, theft and incompetence are charged in his report to the Governor by John F. Neylan of the State Board of Control following an investigation of the Napa insane asylum. The summarized report says that practically all the employees from the board of managers to the chief are tainted with incompetence or theft. It further says that Dr. Elmer I. Stone, the medical superintendent who will be permitted to resign on February 1st, has admitted the embezzlement of more than \$1100 and that the asylum books are in such a chaotic state that it is impossible to determine how much more may have been taken. Dr. Stone has offered to refund \$3000 to clear his skirts. The offer has been refused. The report reads:

"Owing to the destruction of records it is impossible to determine accurately the amount the state has lost during Dr. Stone's incumbency."

The report continues: "The known system under which the embezzlements were accomplished and the facts surrounding the toleration of swindling by dishonest contractors, compel the conviction that an enormous sum of the people's money was stolen or dissipated."

Because of the lack of action, responsibility rests primarily on the board of managers who were Emmett Phillips, of Sacramento, president; Richard Belcher, of Marysville; Henry Maxim, of Napa; John H. Stevens, of St. Helena; Thomas B. Dodder, of San Francisco. The report has been divided into three heads: "Corruption, extravagance and incompetence." The foregoing was under the head of "Corruption." Under the "Extravagance" head the report says:

"Many women patients are compelled to sleep on the floor because of lack of accommodations. One hundred men sleep in a ward over the engine room cramped under the floors. The floors are rotten and the toilet accommodations are disgusting. While this condition is maintained, credit to the state."

Enormous Beef Graft

The report says that for fourteen years the firm of Charles Swanson & Son of Sacramento shipped eight beef shipments per month via Wells-Fargo.

"The practice has been for the chief to weigh the meat upon receipt, furnish the figures to the steward who gave one copy to the storekeeper and sent another to Swanson & Son. The aggregate weight was billed monthly to the state. The Wells-Fargo Co. based the transportation charge on weight carried."

Examination of the records for four years, the report says, shows that the state was charged with much more than the company carried. It concludes by saying: "If the Wells-Fargo records are correct, the state paid for \$12,000 worth of beef never received."

Might Be Credit to State

After detailing the circumstances under which the three members of the asylum board were asked to resign, the report concludes:

"The hospital has the property, buildings and equipment necessary for a magnificent asylum for the unfortunate insane. Under proper management it could easily become a credit to the state."

LOCAL HIGH SCHOOL VICTORIOUS IN TRIANGLE LEAGUE DEBATE

In a debate of the Triangle Debating League, Santa Ana defeated the teams from Los Angeles Polytechnic and Long Beach High School yesterday. The league is a league organized by the three schools mentioned, to further the interests of the debating class of the respective institutions.

Santa Ana was ably represented here by Miss Elsie Wingood and Stewart Smith. Their opponents were Earl Huber and Harold Hansen of Polytechnic. The final score was Santa Ana, affirmative, 196; Polytechnic, negative, 190.

The question debated was: Resolved: That Canada acted contrary to her best interests in defeating reciprocity.

Mr. Smith opened the debate for the affirmative by a clear definition of the question and very forcefully presented his argument.

Harold Huber followed for the negative.

Miss Wingood then made the best speech of the afternoon, which secured for her the decision from all the judges.

Earl Huber closed the argument for Poly. His speech was convincing and his superior delivery was appreciated. Mr. Smith was allowed three minutes for rebuttal and debate went to the judges.

Those who judged were Miss Plant of the Orange High School, Rev. Samson of United Presbyterian church and Prof. Ratcliffe of the home school. The debaters who went to Long Beach, Lloyd Avery and Miss Fay McDowell, also won by a large score.

Heney is present to recite the progressive movements in the history of California.

**DEMOCRATS MEET TODAY
IN SAN FRANCISCO**

SAN FRANCISCO, Jan. 27.—Eighty members of the Democratic state central committee were present in person or by proxy when the meeting of the committee opened. All elements except the Wilsonites are apparently trying to prevent the endorsement of popular preference until the convention assembles in May. The Wilsonites gave warning that they will try to secure Wilson's endorsement before the people, regardless of any action taken. The Wilsonites are led by State Senator Houlihan of Santa Cruz.

The Hearstites apparently will try for endorsement by the committee. A resolution was passed referring any resolution for endorsement of a candidate to the resolutions committee without debate.

Theodore Bell, who is leading the Harmonites, combatted the popular preference ideas. He aligned with the Hearstites on this feature. A resolution was introduced seeking to compel the names of all candidates for delegates to the national convention to go in one column on the ballot, and to permit the petition of any delegate to be circulated free by the central committee. This was offered by the combined anti-Wilsonites to prevent a block of Wilson candidates for delegates to be placed together.

SCHOOL GIRL ASKS DAMAGES

She Was Burned When She Picked Up Live Wire of Edison Company

Action Begun in the Superior Court of This County This Morning

Suit for \$20,000 damages for injuries was begun in the superior court today by Audrey Waidler, daughter of George E. Waidler of Brookhurst, against the Southern California Edison Co.

The story recited by the complainant is that on Oct. 19, 1910, a wire of the Edison company across the country road one-half mile north of Brookhurst, near Anaheim, broke. At 7 o'clock the company was notified that the live wire was there, but the juice was not turned off until 10 o'clock. In the meantime occurred the accident that came near killing the little school girl, Audrey.

Audrey left home about 8:30 o'clock, about on her way to the Orange-Grove school. She was followed by her sister, who rode a pony. When she reached the place where the wire was across the street, Audrey decided to move the wire that it might not frighten the pony on which the sister rode. In taking hold and lifting the wire, Audrey got the full current, and was frightfully burned by the electricity. She was in a hospital for three months, and some of the wounds received at that time have never and may never heal.

The complaint alleges that the accident was due to the carelessness of the Edison company.

The plaintiff's attorneys are Williams & Rutan of Santa Ana and Melrose & Ames of Anaheim.

Lady in Goodwater Describes Her Distressing Experience and Tells How She Was Finally Relieved.

Goodwater, Mo.—"Ever since I was a little girl," says Mrs. Riley Laramore, "I was a great sufferer from dyspepsia. I suffered misery after eating, and had terrible heartburn.

I thought I had to suffer this way as long as I lived, but when I began to take Thedford's Black-Draught, in small doses, every night, the heartburn was all gone in a few days, and I could eat without distress.

I took two small packages in all, and although that was some time ago, the dyspepsia has not returned.

I speak a good word for Thedford's Black-Draught whenever I have the opportunity."

If eating causes distress, we urge you to try Thedford's Black-Draught. It cleanses the system, helps the stomach to digest its food, regulates the bowels, and stimulates the liver.

It acts gently and is without bad after-effects. Try it. Price 25c.

FREIGHT MATTER UNDER DISCUSSION

Huntington Beach News: The Board of Trade held a special meeting Tuesday evening at its rooms in the Collins block and disposed of various matters requiring immediate attention. The chief subject which engrossed the attention of the body was whether to adopt resolutions asking the Public Utilities Commission of Los Angeles to permit the Pacific Electric Railway Company to use some of the streets of that city under certain restrictions and at certain hours, for transporting freight to be delivered to suburban and nearby cities. This matter of course concerned Huntington Beach, as the railway company claims that it will be unable to deliver freight here in less than carload lots if prevented from using the Los Angeles streets to transport it to its central point of delivery. After some discussion, the board decided to send the president and D. G. Wetlin to the meeting at Los Angeles to represent the interests of this city.

In view of the fact that the next regular meeting of the board would occur next Monday evening, only a few days after the holding of the special meeting of last Tuesday evening, it was decided to dispense with the regular meeting, this month.

SELLING HOGS BY CARLOADS

Railway and Land Companies Will Give Right of Way For New Pier

HUNTINGTON BEACH, Jan. 27.—Another carload of hogs was shipped to Los Angeles from the Ehrenhart ranch about two and a half miles from Huntington Beach, this week. The raising of hogs in large numbers has long been one of the paying industries in this section.

The Pacific Electric railway and the Huntington Beach Company have signified their intention of dedicating the necessary right of way over Main street for the reinforced concrete pier which it is proposed to build here as soon as bonds are approved by the voters of this city. The election will occur in March. The pier is to cost seventy thousand dollars.

The city trustees last night voted the necessary amount for carrying on an advertising campaign through the industrial department of the Salt Lake railway system. Two hundred and seventy-five dollars was turned over to the Board of Trade for the purpose.

Bounding Health You Can Have It

Every man and woman has an inherent right to—and can have and enjoy—the blessings of vigorous health and strength if they will utilize what nature and science have provided for the renewing and upbuilding of the human body.

The human system works on the same principle as any piece of machinery—when any one part fails to do its work properly—the entire organization is affected.

The same all-wise Providence who created these human bodies—also provided remedies for our health preservation. The most successful and efficacious remedies known to medical science today are derived from herbs which nature primarily intended as remedies for our ills.

The most successful herb preparation that has yet been compounded is Brackett's System Builder, a "pleasant-to-take" tablet—that contains absolutely no habit-forming drugs.

Brackett's System Builder assists nature in building vigorous bodies by purifying and renewing the blood, thereby strengthening the heart, improving the circulation—overcoming nervous weakness, debility, loss of ambition, loss of vitality by revitalizing, re-invigorating the body, brain and nerves to their highest efficiency, thus overcoming all chronic disorders of the system. For sale at first-class drug stores, 50c per box, or sent prepaid upon receipt of price by Robert A. Brackett Company, Chemists, Los Angeles, Cal. Liberal sample and booklet free, upon receipt of ten cents in stamps to cover mailing and postage.

BEGINNING MONDAY MORNING, and for nine business days following, we will throw our entire stock on the market at prices that have never before been offered in Santa Ana on similar merchandise. Certain departments are badly overstocked and in order to get all lines down to a normal basis, we have decided to cut prices on everything without reserve. Bear in mind—not one article is exempt from price cutting (except a few agency lines which are always sold at contract prices). Standard works of literature, latest fiction by popular authors, illustrated books, office supplies, stationery, pictures, ladies' handbags and everything in our entire stock is reduced in price.

THE REGISTER'S ATTITUDE ON THE POLY HIGH SITE

The Register's attitude in the matter of the high school location has been wholly misconstrued by some people, and grossly misrepresented by others who were misled by the mendacity of a very few who would do anything to injure this paper. These promulgated the statement that the Register had characterized the people of the southern part of the city as "undesirable citizens," and the few people in that section who do not read the Register believed that lying statement. Nothing that could POSSIBLY be so construed was ever printed in this paper, and nothing of the kind was ever in the mind or heart of its editor.

The Register said, editorially, that it believed the Poly High "should be located north of Fourth street, if possible," and gave its reasons for thinking so. We defy any reasonable, intelligent person to point to anything in that editorial that reflects upon the character or personality of the people in the southern part of the city, or that is in any way justly offensive to them.

The Register had no strong preference among the locations which seemed available. It merely believed and still believes that a location in the northern—preferably north-eastern—part of the city would have been better than one in the extreme southwestern part. How could the expression of that belief reflect upon the citizenship of the southern part of town? A man living within a stone's throw of the proposed location might be the most admirable man and best citizen in the community, and the meanest and most obnoxious man in town might live in the northern part of town, but neither of them could be made better or worse, either in fact or in the estimation of their neighbors and friends by anything the Register or anyone else might say in regard to the merits of the respective sections for high school purposes.

To recapitulate: The Register still believes it was a mistake to locate the Poly High on the Gist tract—perhaps not so serious a mistake as many people seem to think.

Some of the finest people in the world—many of the Register's friends—live in the southern part of town, and the average standard of citizenship there is as high as it is in any part of this city, or in any part of any city, for that matter.

The Register is not taking any part in any movement to recall Mr. Dugan, or to secure a change of location for the Poly High—indeed, with our present information it doubts the ultimate wisdom and success of any movement of that kind that may be under way or in contemplation. During the days preceding the selection of the Poly High site, this paper declined to publish half a dozen or more communications reflecting on the motives of those favoring the Gist tract and cut out of some of the communications it did print reflections of that kind. Since the location was decided upon the paper hasn't had a word to say editorially. It has merely published the news concerning the matter. While not questioning the sincerity and fair-mindedness of those using the Gist affidavit, we are inclined to doubt the justice of such a course, as the affidavit was made many years ago and conditions may since have changed very materially.

WHAT OTHER ORANGE COUNTY PAPERS ARE SAYING EDITORIALY

Huntington Beach News: It has been suggested to the News by Mr. J. A. Armistead, of Huntington Beach, vice-president of the Associated Chambers of Commerce of Orange County, that the attention of the state highway commissioners be called to the fact that by using a portion of the eighteen million dollars to be devoted by the state of California to the building and improvement of its public roads to build a road along the coast from San Diego to San Francisco they would have such a road as exists nor could exist elsewhere in this country. A six-hundred-mile road which for scenic beauty would be unsurpassed in the world—which followed the Pacific ocean as it leaves the shores of the most beautiful section of the United States—would be a feature of such vast and unique attractiveness to the world's tourists as to be of incalculable value to this state, it only as a means of advertising its advantages everywhere. The suggestion of Mr. Armistead is, in the opinion of the News, one which should receive the attention of every newspaper in Southern and Central California and should be adopted by the state highway commissioners as a means of furnishing to this state not only a magnificent roadway along its coast but an advertising feature unsurpassed in the records of publicity methods.

LOOKING THIS WAY

Redlands Facts: The Santa Ana Register is in a good deal the same position as the Facts on the presidential situation. It does not believe Taft could be elected and is absolutely unable to endorse over La Follette. So the Register is running a column devoted to opinions

on the possibilities outside of these two men. Either Roosevelt or Hughes would look pretty good to the Facts.

Los Angeles Examiner: The Santa Ana Register, in an editorial urging efforts to strengthen the Chamber of Commerce and its activity says: "Conditions are ripe for results in this town and county." Sure they are! Any community with Orange county's resources and energetic population needs only to work and boost to get ahead rapidly.

Long Beach Press: "This newly created Ninth district and the whole state of California are to be congratulated upon Windham's consent to stand for the congressional nomination, because such consent, with such a man as he the senator, is tantamount to nomination and election," said J. P. Baumgartner, editor of the Santa Ana Register, in Long Beach today. "I knew Windham when I lived in Long Beach and have watched his career closely since. He is a man of exceptional qualifications of experience, training and temperament. He is politically discerning, sanely progressive, untiringly energetic, practical, a plain talker, indefatigable worker, and just about everything else requisite to the composition of an ideal congressman. Windham will be found unimpeachably loyal to Long Beach, the south-coast section of Los Angeles county, to his entire Ninth district and to all of California all the time, and to this republic, whenever there may arise any question of international nature. I only hope that in our new Eleventh district we may find so good a man to nominate."

The editorial of the Register presenting arguments against the proposition of Congressman Needham moving into this district and running for re-election has been very generally copied and commended by the leading papers of the district—such as the Redlands Facts, Redlands Review, Riverside Press, et al.

Their Reasons
It was the dinner hour, and the prison inspectors were hurrying over their official round. They asked several questions quickly.
"I am here, gentlemen," explained the pickpocket, when the warden turned his back, "as the result of a moment of abstraction."
"And I," observed the incendiary, "because of an unfortunate habit of making light of things."
"The reason I am here," chimed in the forger, "is simply on account of a natural desire to make a name for myself."
"And I," added the burglar, "through nothing but taking advantage of an opening which was offered in a large mercantile establishment."

Woes of the Rich
A smile illumined the countenance of the head bookkeeper. "The rich have their troubles," he said joyously. "Yesterday the old man told me to come up to his house after hours to go over some accounts with him. When I arrived, about 7 o'clock, he had on his evening clothes and was going to the theater, he told me. He had an early dinner so as to work with me until his wife should return from an automobile drive up in the Catskills, where she had been all day. He was expecting her any minute, he said, and meantime he would go over the accounts. He had bought the tickets, of course. We went to work comfortably enough, but after a while the old man began to get nervous. 8 o'clock came, and 8:30, and still no wife. The old boy swore and I had to try to look sympathetic. At 9 o'clock he received a telephone message that wife's party was up in the Croton watershed with six punctures and might never get home. The old man wasn't fit to work any more that evening."

His Objection
Mrs. Richquick—John, I want you to buy a new parlor suit.
Mr. Richquick—Maria, I've been agreeable enough so far to get different clothes for morning, noon, afternoon and night, but I'm consarned if I change 'em every time I go into a different room.

Brief communications will be published under this head, provided they are signed by the author, or the author's name sent to the editor as an evidence of good faith. However, the Editor shall be the sole judge as to the propriety of publishing any communication, and the Register assumes no responsibility for any views that may be expressed in this column.

Editor Register:—I notice in your paper that one of the advisory committee to the Board of Education is quoted as stating that objection should have been made to this committee voting on other questions than the location of a site at some previous time than the last meeting of the board when this objection was made and that they had been told (by whom?) that they would be allowed to vote on all these questions. Is not the time to object to an improper or illegal act the time of the attempt to do such act?

How can any one foresee what may have been told this committee by an unauthorized person?

I think a reference to the records of the school board will show that this committee was selected to "advise and assist" in the selection of a site.

There is no record showing where they were given permission to vote. Has the board authority to give them permission to vote?

I would not question the good intentions of this committee in wanting to vote, as they understood it at that time. But after having become familiar with the above facts, I believe any further attempt on their part to defend their right to vote will be a cause for just criticism.

ANNUAL BANQUET

Senior B's to Senior A's—
Students and Class Teach-
ers Join in the Event

The first event of the commencement activities of the Santa Ana High School took place last night at Elks Hall where the annual class banquet tendered by the Senior B's to the Senior A's was held. It proved a most pleasant affair, covers being laid for eighty, including the members of the two classes, Superintendent of City Schools J. A. Cranston, Principal W. A. Bartlett, class teachers Miss Wyant, Prof. Eggen of the Senior A's and Prof. Ratcliffe of the Senior B's.

The young men of the classes had the hall decorations in charge and they achieved a most successful result, using ferns and potted plants. The Dragon catered and decorated for the banquet, employing purple and gold in the color scheme. Smiles was used as a toastmaster. Bouquets of violets tied with gold colored ribbon were at each plate, and as far as possible the purple and gold prevailed in the appointments and refreshments. The almonds were served in baskets in which the two colors were united, and the candelabra displayed the same rich tints. The banquet menu follows:

Chicken Bouillon
Olives Pickles Cheese Straws
Turkey Pates
Cranberry Jelly Hot Rolls
Banana and Apple Salad
Sweet Crackers
Ice Cream Cake Mints
Marshmallows (toasted by the guests)
Walter Standard of the Senior B's proved a success as a toastmaster, introducing the speakers with ease and grace. Those who responded to toasts were Carson Smart, president Senior B's, who welcomed the guests, Orin Daniel, president Senior A's, replying to the welcome address; Isabel Smiley, "To the Boys;" Charles Swanner, "To the Girls;" Prof. Ratcliffe, "Class Motto;" Letitia Livesey, "Purple and Gold;" Mabel Burr, "Our Heroes;" Royce Lantz, "School Spirit;" Dorothy Harding, "Before Taking;" Harrison Childen, "After Taking;" Prof. Bartlett, "Ad Libitum;" Robert Paine, "Evolution of Man;" Supt. Cranston, "Poly High."

Honor McKinley's Birthday

The ladies of the W. R. C. held their monthly tea yesterday at the G. A. R. Hall, it being the date nearest the lamented McKinley's birthday, on which the event could be held. A McKinley program was rendered as follows:

Instrumental Duet—Mesdames Moesser and Paul.
Sketch of McKinley's Life—Mrs. McTaggart.
Speech and little poem, "Carnation" (McKinley's favorite flower)—Mrs. Lawton.
Instrumental Solo—Mrs. Jennie Packard.
Address—Rev. Field.
Instrumental Solo—Mrs. Moesser.
Refreshments were served in the dining hall after the successful program, which was presided over by Mrs. Ida Deek.

This was the second social function enjoyed this week by some of the ladies of this patriotic order, the first one being on last Tuesday afternoon when the officers of Sedgwick W. R. C. met at the home of Mrs. Lash. The ladies busied themselves with needlework and innocent "kiss-up." A pleasing game and dainty refreshments occupied part of the afternoon and all the ladies departed declaring Mrs. Lash a delightful hostess.

A Birthday Party

An enjoyable evening was spent last night at the home of W. H. Young and family at the corner of Fifth and Parton streets. Their daughter, Mrs. Ulrich, and her husband of Los Angeles, who are in town temporarily, helped entertain several of their many friends, this being the birthday of their little daughter, Ella Ulrich, who is two years old. All those present enjoyed themselves immensely, as always when Mrs. Ulrich and her sister, Miss Laura Young, entertain.

Daughters of Veterans

At the Daughters of Veterans meeting last night two new members were elected and other business transacted. A resolution was introduced to change the second meeting of each month to the afternoon, so that members at a distance will have the benefit of at least one meeting. This resolution will be voted on at the next meeting, February 9th.

Remembered His Birthday

When it was discovered yesterday that the 26th of January was Rev. Charles H. Secombe's birthday, a number of his friends got busy and notified as many of his congregation as possible, asking them to meet at his study at 7 o'clock. Mr. Secombe was pleasantly surprised to meet quite a party at that hour, and his friends, after extending their sincere congratulations presented him, on behalf of his congregation, with two beautiful Mission chairs, of solid oak upholstered in leather.

Need Home For Nursery

Mrs. Andrew Getty Thursday afternoon entertained the Ebell Day Nursery Committee. The matron of the nursery made her report and other reports were heard.

Plans for the year were discussed, as were the needs of the nursery. One of the most important needs is a real home for the nursery which is outgrowing the present quarters. It is hoped that a lot and building may be acquired for this worthy benefactor.

Following informal discussion of conditions, Mrs. Getty served refreshments to the ladies of the committee.

A Wife for \$50.00

Yesterday, you may have seen in town an individual wearing an anxious look, also a red vest, slouch hat, and checkered trousers pushed into the tops of his run-down-in-the-hell boots. He was Ezra Perkins, and may have come from Poway county. His worry was caused by his team of young colts, and his desire to find the place where St. Hubbard got his wife last winter. After a long hunt he found the "Matrimonial Agency," where he had many exciting experiences. He bought a wife for \$50. Ezra Perkins is one of the Harrison brothers, who present their Matrimonial Agency at the Bell to-night and Sunday night. The other Harrison plays the agent's part, and later as the beautiful, enticing \$50 wife. He only weighs 271 pounds, making a dear, sweet little girl. The act is one long laugh. At the Bell, with the big picture and song show.

FRANK TRUE AGAIN BUILDING HOUSES

On the building page of the Register yesterday it was reported that Train & Wilson had the contract for O. M. Robbins' fine \$4250 house at the corner of Wellington and F. The names of the contractors should have appeared True & Wilson, since one of the contractors is Frank True, of North Main street.

In this connection it should be stated that Frank True, who is a contractor and builder, is again in the business after being out of it for several years. He starts out on what is probably the finest home now under course of construction in Santa Ana.

The architects for the new residence are Train & Williams of Los Angeles, designers of the city hall and the Orange County Savings Bank building.

The Interest Increases As Contest Progresses

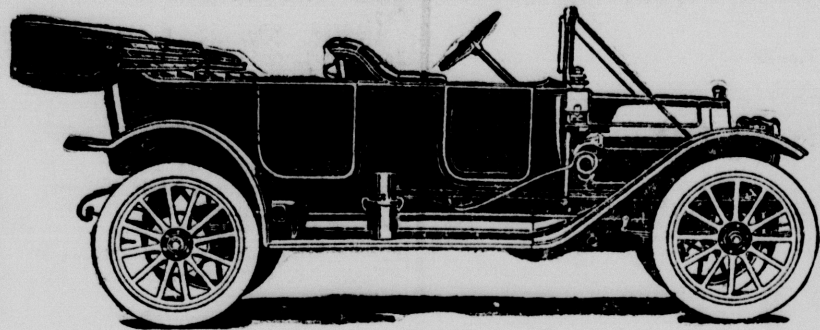

First List of Names of Candidates Entered in Register's Automobile Contest Will Appear Next Thursday.

The list of candidates that will appear for the first time next Thursday evening is filling up, but there is still plenty of room for active candidates. No person who has become familiar with the nature of this contest through the columns of the Daily Register, and who feels deep in her heart that she has a chance of winning the handsome automobile, should hesitate to send in her name.

TODAY, Oil and the minerals of the earth would not be a common product on the market today, if these treasures that lie underground had not been prospected by those to whom the opportunity was afforded. They first satisfied themselves that there was a chance to become independent if they would only investigate and find the treasure that lay hidden. If they had sat back and said: "I know it would pan out all right if I only had the nerve to go at it," they would perhaps be in the same old rut today that they were 40 years ago.

But the opportunity came and they went after it, and they enlisted the financial aid of their friends to get their objects under way. If they succeeded they became independent. If they were unsuccessful, their characters, their minds and their ambitions became so developed through this experience that the next undertaking was easy and successful and they achieved that which they went after in the first place.

Now, your case is identical with that of the prospector's, with the exception in your favor. You do not have to enlist the financial aid of your friends without giving them value received on the spot. For every 50 cents they invest in your favor for the Daily Register, they know that they will receive 50 cents' worth of news. Every person of the least intelligence, no matter how economical he or she may be, wants the daily news of the affairs of the world, and

This beautiful E-M-F "30" Touring Car, value \$1450.00, to be awarded the candidate in the Register's contest who receives the greatest number of votes.

they consider it a necessity to have it. So if they did not subscribe for the Daily Register in your favor they would subscribe through some more enterprising candidate. So all you have to do is to ask those who want to get all the news of the day to subscribe for it through you, and you are not asking something before you can produce something in return, as in the case of the prospector.

If you should fail to get the first one you ask, or even the second or third, you would not be justified in "throwing up" the claim you started to prospect. Being a little unsuccessful at the start, you have in turn strengthened your courage to approach the fourth person, and so on, until your mind, your ambition and the business training which you will be steadily acquiring becomes so strong that further failures in securing Register subscriptions will be buried and forgotten during your remaining days of the contest. Your success and determination to win will arouse the interest of your friends and you will soon have a steady stream of votes coming into the Contest Department. Give up the best that is in you and on March

16th, you will not be disappointed. There are hundreds of both married and single women in Orange county saying to themselves: "I believe I could win if I went after it," and just as many are sitting back because they can't get up enough courage to get what they really want—the handsome 1912 E-M-F 30 Touring Car. You be the one to step out of these ranks, and on March 16, you'll be glad that you read this article and entered the Daily Register's good natured automobile contest.

NEXT SATURDAY IS THE LAST DAY that you will be given an opportunity to secure 5000 votes by merely entering your name in the contest. All in the world that you need is a pair of shears and a pencil. With the former cut out the nomination blank, which is good for 5000 votes, then take your pencil and fill in your name and mail or bring the blank to the Contest Editor.

From that time on, whether you live in the remotest part of Orange county, or in the city of Santa Ana, the Contest Editor will assist you in your campaign in every possible way consistent with fairness to all other candidates, and do all he can to further success.

Could anyone ask MORE FOR NOTHING? To those candidates already started: You should begin at once to form your campaign. Let all your friends know that you are a candidate and keep steadily at it.

HILL'S CORNER

We have for some time, been inquiring into the very important questions concerning the Sun, what makes it shine and what it is made of and we took a good strong look at the planet Mars and those canals that have puzzled our learned astronomers and we found that with those Martians the great problem is how to get rid of the surplus water, as they have too much of it and unlike our own experience, with them the water runs up hill.

We think some irrigating pipe, put where it would do the most good and turned "tother end to" would be an excellent "try-out" and we are going to submit the plan to our school board when they get through with their hurry-up business with the Poly High.

We have made and sold lots of 4 and 6-inch irrigating pipe during this month and hope to keep up with the orders as they come in.

LOS ANGELES PRODUCE MARKET

A shipment of mangoes from Tahiti came in yesterday morning and were distributed among the local dealers. The mangoes were of very large size and of excellent quality for the first of the season. The call for this table luxury is confined mostly to the best hotels. Prices ranged from \$1.75 to \$2.00 per dozen. A few pineapples were included in the shipments.

The market on fresh eggs took an upward turn, and advanced 1 cent on candied select and case counts. Candied select sold at 33 cents, and case counts went to 39 cents per dozen. The call for fresh stock was exceptionally heavy, but the advance was due to brisk trading on change. Sales were good also in the eggs shipped in from outside districts. Receipts were 336 cases.

The market on creamery extra butter held firm at 37½ cents per pound. No change in this grade is looked for at present. Dealers are anxious to clean up on considerable second-grade stock which is held. Receipts were liberal, 34,277 pounds. The bulk of the arrivals was of the cooking grade.

The feature of the cheese market was the advance of 1 cent on northern fresh.

The potato market was devoid of feature. There was a good movement of all varieties of spuds at quoted prices. Highlands received the bulk of attention, and moved out from \$1.75 to \$2.05 a hundredweight. Receipts were 3469 sacks.

Bean receipts were 412 sacks. The market was firm on all varieties. Lady Washingtons and No. 1 Pinks were in good demand at quoted figures.

No sweet potatoes were reported in. The market was firm to steady.

The vegetable market was uncertain. Wax and green beans were very scarce, and the former were advanced to 29 cents per pound. Cauliflower eased off, and the best stock sold for \$1.50 a crate. The low level was \$1.35. Celery was firmer and on advance of 25 cents a crate was noted. The best stock sold yesterday at \$1.25 a crate. Other vegetables showed no change in quotations.

No change in apples was shown. There was only a fair movement of most varieties. Ben Davis stock was in best demand, from \$1.50 to \$1.65 for the four-tier size.

TO END WORK ON MARCH 1.

Resignation of Rev. W. H. Wotton Accepted by the Vestry Last Night

At a meeting of the vestry of the Church of the Messiah last night, the resignation of Rev. W. H. Wotton as rector was received and accepted, to take effect on March 1.

No more sincere expression of regret could have been expressed than that expressed at the vestry meeting. There was a deep feeling of sorrow that Rev. Wotton and his family were to move away, yet it was recognized that the church to which they go, St. James church of South Pasadena, offers Rev. Wotton an advancement in keeping with his abilities and faithfulness.

The usual steps toward the selection of a successor are to be taken, and a meeting with Bishop Johnson will be held soon. It is possible that a successor will be chosen by March 1, at which time the rector's service with the South Pasadena church will begin.

Rev. Wotton is now on his thirtieth year as rector of the Santa Ana parish. Only one other parish, Riverside, has had the continuous service of a rector for a longer period.

The enlarged church building as beautified and made convenient with the remodeling just completed stand in some measure as a monument to Rev. Wotton's work here.

DYSPEPSIA OR SOUR STOMACH

Heartburn, Indigestion, Gas or Headache Go In Five Minutes

—Why not get some now—this moment, and forever rid yourself of Stomach trouble and indigestion? A dieted stomach gets the blues and grumbles. Give it a good eat, then take Pape's Diapiesin to start the digestive juices working. There will be no dyspepsia or belching of gas or eructations of undigested food; no feeling like a lump of lead in the stomach or heartburn, sick headache and dizziness, and your food will not ferment and poison your breath with nauseous odors.

Pape's Diapiesin costs only 50 cents for a large case at any drug store here, and will relieve the most obstinate case of indigestion and upset stomach in five minutes.

There is nothing else better to take gas from stomach and cleanse the stomach and intestines, and, besides, one single dose will digest and prepare for assimilation into the blood all your food the same as a sound, healthy stomach would do it.

When Diapiesin works, your stomach rests—gets itself in order, cleans up—and then you feel like eating when you come to the table, and what you eat will do you good.

Absolute relief from all stomach misery is waiting for you as soon as you decide to take a little Diapiesin. Tell your druggist that you want Pape's Diapiesin, because you want to become thoroughly cured this time.

Remember, if your stomach feels out of order and uncomfortable now, you can surely get relief in five minutes.

coast of Manila in an effort to save the life of a woman passenger on the vessel, and in recognition of the lad's bravery, the German government, under whose flag the vessel was sailing, as well as the Carnegie Hero Commission, are investigating the heroic act. Passengers of the vessel raised a purse of over \$800 as a mark of appreciation.

The vessel was sailing and had just crossed the equator when the cry of "man overboard" brought everyone to the ship's rails in time to see a woman, Mrs. Sherwood, who with her son was circling the globe, disappear in the wake of the steamer. Before the boats could be lowered, young Jordan leaped to the rail and without removing his outer clothes dove headlong into the sea, which, according to the advices, was swarming with man-eating sharks. He swam to near rescue and was able to keep her head above water until help arrived. The woman died after being taken aboard the vessel, however.

LIMAS HAVE BEEN MOVING RAPIDLY

OXNARD, Jan. 26.—An interesting comparative report is that of the lima beans in the warehouses of this section up to the first of the year, 1912, and January 1, 1911. The figures show that limas have been moving rapidly this year from the warehouses of this locality something more than 312,000 sacks being reported from the bigger warehouses of this vicinity as against 336,395 for last year. These figures have just been furnished by the Lima Bean Growers' Association.

The Southern Pacific Milling Company's warehouses report a total of 209,598 sacks at their various places as against 231,167 in 1911.

The following is the comparative statement of all places heard from thus far, relative to their supply on hand the first of the year:

From outside sections the following reports have come in relative to stocks on hand the first of the year: Sawtelle Farmers' Warehouse 10,000; Nalisco Farmers' Warehouse, 500; Palms Newmark Co., 12,245; San Joaquin Warehouse Co., 10,293; Santa Monica, C. J. Haines Co., 13,500 (in 1911, 800 sacks).

White Snails Are Edible
The large, whitish snail, found on the downs and chalk lands of Surrey and Sussex, is certainly edible, though I should hesitate at the ordinary brown or striped hedgerow snail. It has been conjectured that these large white snails are in direct descent from the Roman importation of snails, which may very well be true. But the country folk will not eat them. A "foreign gentleman" was held in great scorn by certain villagers because he collected these snails, gave them a week's special diet and then ate them. Cooked with the right sauce, the snail can be delicious. But don't forget the sauce. When you have hooked him out of the shell empty the liquor that remains in the shell into your mouth. It's delicious.—London Chronicle.

Misleading
A man once ran for office, and after a very close election the returns showed that he had been elected by a few votes. A friend with whom he had been discussing the matter asked: "What makes you think that all the ballots weren't counted?" "You see," replied the successful candidate, "I'm judging by the number of fellows who've come around asking for a job on the ground that they voted for me."

Usefulness of Cold Storage
"What's the idea of keeping your playing cards in the refrigerator?" "It's a little precaution the boys agreed on," replied Three Finger Sam. "Some pretty queer hands were played, so we keep changing the pack, and if any stray cards get into the deal we can recognize 'em by the temperature."

Bones of a Forgotten Race
Junction City, Kan.—Bones believed to be those of a hitherto unknown race, gigantic in stature, have been unearthed on the farm of John No. land, near this city. They were taken from a cairn about 30 feet in diameter and five feet high. Evidently they had been buried originally in a rough stone-arched tomb.

Proper Footgear
"Yes, we have to study our customers," said the shoe merchant. "I suppose so," observed the humorous interviewer. "For instance, if he is an explorer you suggest arctic; if an engineer pumps; if a book agent canvas; and if a tourist, rubber. "Quite so," returned the s. m. "And here comes a gentleman now who is a collector of the port. Of course, the shoe we shall offer him is the custom made."

Youth's Skull Is Quartered
Sheboygan, Wis.—Arthur Jahn, eighteen, son of a contractor, was struck by an iron pulley and his skull cracked from the nose to the base of the brain and from ear to ear. Still the doctors think they can save his life.

Best None Too Good
A social leader at Narragansett was arranging for a musicale, and called a local "professor" into consultation. "I think," he said, "we'd better have two first violins, two seconds—" "No," said the prospective hostess. "I wish to spare no expense. Let us have only first violins, if you please."

"But come now, senator, why did your election cost so much more than the average cost?" "Simply because my pile was so much bigger than the average pile."—Cleveland Plain Dealer.

NORTH SEEKING LAND SHOW SPACE

Concessions in Time and Rates
by Railroads—Splendid
Amusement Program

Los Angeles Tribune: Announcement was made yesterday at the headquarters of the land show, which will be held here March 12 to 25 in Fiesta Park, that the entries of new exhibits are coming in so rapidly that all Southern California sections, towns and enterprises that wish to have displays, will have to send notice at once to be assured of representation.

"Northern California and distant sections have come into the exposition so heavily," said General Manager Philip D. Wilson yesterday, "that already we can see the end of our floor space."

"The news of concessions by the transcontinental railroads of a six weeks' colonist rate instead of four weeks, and the opening of the low one way rate March 1, fifteen days earlier than usual, have been potent factors in bringing outside districts into the exposition to bid for this great home-seeker traffic."

Next week the land show committees will commence definite arrangements for the various state days and other details of the program. The big features of the amusement program, comprising Creature and his band of fifty musicians and the big chorus of 300 voices, with moving pictures of western towns, have been finally contracted for.
